Approved items

None

Approved with minor corrections

APSC/PPWS 5044 Biotechnology in Agriculture and Society

-footer needs to be fixed throughout (to reflect title)

-title of course is incorrect in text

-in Justification section correct “related” to “relates”

-need page numbers under recommended text 1. 1,084 2. 572

FST 5034 Good Agricultural and Manufacturing Practices

-under syllabus – are bold categories summation?

The online Master’s in Agriculture was approved

CSES/ENSC 4854 Wetland Soils and Mitigation

-edit language in justification as follows: “Additionally, graduate credit is requested due to the rigorous scientific research and synthesis term paper requirement. The course handouts and reading materials will rely heavily on published literature and agency reports in addition to the textbook, requiring advanced ability in literature synthesis, report preparation and modeling.”

Disapproved

None

Draft procedure for proposal submission

Discussion on edits and improvements to the draft proposal example to be posted online. Short discussion on proposal flow chart/instructions also to be posted online.

Adjourned at 3:35 PM
