**Call meeting to order** –Cliff Shaffer

The committee considered the following course proposals and approved them with minor corrections:

- HUM 4044 Topics in Humanities and Film
- HORT 5304 Advanced Plant Genetics and Breeding
- PPWS 5054 Plant Pathogenic Agents
- AAEC 4134 Financial Planning Applications
- CSES 5774 Advanced Rehabilitation of Disturbed Lands
- ME 5664 Global Collaborative Product Development
- ECE 4220 Analog Integrated Circuit Design
- ECE 6154 Photonic Devices and Systems

All voted in favor, none opposed.

The following certificates were approved with minor corrections:

**College of Engineering, Department of Computer Science/ECE**

- Graduate Certificate Program in Information Assurance Engineering

**College of Agriculture and Life Science, Department of Food Science and Technology**

- Executive Certificate, Health Product Risk Management

All voted in favor, none opposed.

**Tabled (pending revision by proposer):**

**College of Agriculture and Life Science**

AEE 5144 Critical and Creative Thinking in Problem Solving and Decision Making

AEE 6014 Advanced Instructional Techniques

All proposals that the committee received were reviewed and processed. The committee discussed revising the “guidelines” document that is currently being used and will work on that through the semester. The committee also discussed possible changes to implementation of the 15-day review.

Adjournment: The meeting adjourned at 12:10 p.m.
